Miss Weston's Book Review

Heroes, villains and magnificent maps from 15 extraordinary civilizations!

If you love history as much as I do then this book is for you.

- It is packed full of information and there really is something for everyone in this book.
- Year 6 You will love it as it will help you extend your knowledge about Ancient Egypt. You will also find out about another South American civilization called the Incas who you might choose to compare to the Maya.
- Year 5 This book will remind you all about your previous learning about the Romans and the Ancient Greeks
 - Year 4 The section on Ancient Greece taught me quite a lot that I didn't know and made me smile quite a bit so I think you will love it!
 - Year 3 There is a section on the Romans and I'm sure you will enjoy the fantastic illustrations too.
 - Key Stage 1 and Foundation Stage You will learn about food and medicine from the past and it will make you laugh.
 - I really enjoyed this book because I learnt so much about civilizations I had never heard of!

I would recommend it to everyone who loves learning!
